

Happy Haven

Happy School Communities

Career Development

Happy Haven OSHC has been such a fantastic work experience. The leadership of the service are a great support and the skills you learn on the job and through professional development, work performance management and staff appraisals are invaluable. Working for Happy Haven has provided me with the leadership skills to develop my career and become a director of a separate service whilst also complimenting my studies at University. The staff team are friendly, supportive and fun to be around, making coming to work an absolute pleasure. What was really great about the service is the variety in your job. Every day was different and the program was of really high quality. Vacation Care was always a wonderful time, with great excursions, camps and sleepovers, it was a great way to get to know the children of the service as well. Another benefit of working for Happy Haven was the stability and flexibility of the Job. When studying at university they were able to work around my classes and provide me a set number of hours. If you want to learn and develop your skills whilst working in a fun environment, Happy Haven is the place to do it!

- **Nick Michalak, Director of Vale Park OSHC (former Happy Haven Educator)**
